

Year One

This term our theme is...

Back to the Future!

Please see the attached letter for more information on the learning that we will be doing during this theme.

On Friday 14th July we are having a whole school Summer Beach WOW day. Please look out shortly for the newsletter with more information about this.

This theme we are having a trip to Doddington Hall. America Class and half of Australia Class are going on Monday 3rd July and Italy Class and half of Australia Class are going on Thursday 6th July. Please see the separate letter, given to you before half term, for all of the information about this trip.

For the homework projects this term we would love for your child to create their own 'Memory Box'. There are lots of different ideas for what could go inside a memory box. Some of these ideas are listed below. Please speak to your child's class teacher if you need any other ideas.

- *Photographs.*
- *Clothes.*
- *Toys.*
- *Art work.*
- *School reports.*
- *Certificates.*

Please don't put anything that is too precious inside the memory box. Although we do our utmost to look after anything that is brought into school, we cannot guarantee that nothing will get lost or broken. May we suggest that you put a photograph of precious items inside the box instead.

Please bring the projects back to school by Monday 10th July.

The children will then share their projects with each other before the end of the term and we will display them in the classroom.
