

Year One
Homework Project – Y1

This term our theme is...

MOON ZOOM

During this term the children in Year 1 will be focusing on different aspects connected to Space.

Your child is invited to an alien tea party for our WOW DAY on Thursday 11th January. We will be using the book 'Alien Tea on Planet Zum-Zee' by Tony Mitten and Guy Parker-Rees as a stimulus for our learning. Your child needs to dress up as an alien. Please speak to your child's class teacher if you require any more information about this.

We would like to invite each of the Year 1 children to complete a space-related project next half-term. Here are some ideas that you and your child might like to explore;

- Visit the library and search for space-themed books. Read to an adult and talk about what you have read.
- Search the internet, with a grown up, to find out interesting space facts and make a space fact book!
- Pretend you're an astronaut completing different space missions, make a book about your work.
- Make a telescope, or a solar system using creative/junk modelling resources.
- Research information about Tim Peake or a different famous astronaut.
- Make up your own space rhyme or song, record this on a ipad or tablet or just simply remember to perform to your class.

Please bring the projects back to school by **Monday 15th January**.

The children will then share their projects with each other and we will display them in the classroom.

Projects can be emailed to enquiries@lincolnmountstreet.lincs.sch.uk
