21st March 2019

MESSAGE FROM MRS NICOLL AND MRS HORN

We are really looking forward to meeting again for assemblies in our new hall. Our staff have been incredibly adaptable and have managed to carry out assemblies in classrooms, meeting as individual classes and year groups. However, there is nothing quite like meeting as a whole school, celebrating success, reminding us all of our school vision and singing together.

We are delighted to say that Superstars will begin again tomorrow, Friday 22nd 2019 at 2.30pm. It is the turn of Year 1 and we will celebrate chosen children in this year group, however all the school will be in attendance. If your child is in Superstars then please head to the main school gates on Olive Street. Gates will open at 2.25pm-2.30pm. If your child isn't in Superstars but you would still like to join us then you would be most welcome. Reception, Year 1 and Year 2 will come together for Superstars assembly to celebrate achievements together, celebrate birthdays from the week before and congratulate the class with the best and most approved attendance. We would love to see you there!

EASTER INSPIRE

Our annual Easter INSPIRE afternoon will take place in the afternoon on **Tuesday 2nd April**. Parents are welcome to join us for an afternoon of craft activities with children in classrooms from **1:30pm -2:30pm**. The main gates will open just before 1:30pm.

Please note that due to safety regulations, we can allow a **maximum of 10 parents per class**. Sign-up sheets will be put on classroom doors next week. If you are unable to sign up personally but would like to come, please contact the school office to be added to the list.

As a gentle reminder, please note this event is unsuitable for younger siblings due to the number of people allowed in school as well as the intention being for parents to engage in quality time completing activities with their child without distraction.

We look forward to seeing some of you there.

YEAR 1 CLASS NEWS

We would like to take this opportunity to thank you and your children for the hard work that went into their homework projects. The children were incredibly proud to show them off to us and their peers. We had a very enjoyable Space Wow Day, learning lots of interesting facts about space – we even got to stargaze during the day!

For the rest of this term, our topic is 'Memory Box' where we will be learning about The Victorians. On Tuesday 26th March we will be visiting The Museum of Lincolnshire Life; please ensure that all slips are returned to your child's class teacher. This trip will allow the children to visualise what life was like in Victorian times and will enable them to make a comparison between then and now. On **Friday 5th April** we will be having a Victorian Wow day – we would really love it if your child could come dressed up as a Victorian. If you have any questions, please feel free to speak to your child's class teacher.

Thank you for your continued support as always!

FOMS NEWS

A huge thank you to all your support so far this year. Sorry it's been a little quiet but we have been busy in the background thinking about our usual events and how and where best to hold our film nights, discos and the Prom. Please keep an eye out for posters on the 3 main gates and in classrooms and follow us on facebook.

Our next event will be..... The Cupcake competition and sale on Friday 5th April

Date for the diary.....Bags2School collection is Thurs 25th April

Thank you to those who supported the World Book Day event we will have these out again during the cake sale. If you wish to donate any books in good condition please do so **before** the 5th April

Please continue supporting us so we can help our children enjoy those little extras!

Thank you. FOMS

YEAR 2 MATHS HOMEWORK

From this week, we will be sending home arithmetic homework. This will give children the opportunity to practise a variety of different questions which are similar to the ones they will be presented with in SATs. Please encourage your child to complete these independently but obviously support as necessary. These can be returned to school once completed and children will be able to move their name to the star. Thank you.

YEAR 2 HERBAL WORKSHOP

On Monday morning, the children will be participating in a workshop with a local herbalist to explore the benefits of herbal plants to our health. If you are aware of any plant allergies your child has, please do let us know before Monday. Thank you.

CHEF'S CORNER

We have some exciting news from the kitchen this week. Firstly we have the new Spring/Summer menu coming out. This will start after Easter on w/c 22nd April and run to October half term next year. We would like to remind you it is a termly menu and if you would like to swap any choices we would require two weeks' notice. The LCA kitchen also had an inspection from environmental health last week and we are really pleased to say we received a 5 star grading once again. Well done kitchen team!!

SATS INFORMATION

Many thanks to those parents who were able to attend the SATs meeting last week. We hope it was a useful overview of the assessment requirements for the end of KS1. As promised, you will receive an information leaflet this week. If you have any further questions about the SATs, please do pop to see class teachers.
